Jacob Busk

Chefkonsulent/Jurist hos KOMBIT
Copenhagen, Capital Region, Denmark

Experience

KOMBIT

9 years 11 months

Chefkonsulent/Jurist
April 2022 - Present (1 year 3 months)

Seniorkonsulent/Jurist
May 2018 - April 2022 (4 years)
Københavnsområdet, Danmark

Konsulent/Jurist
February 2015 - May 2018 (3 years 4 months)
Copenhagen Area, Denmark

A interview where I'm talking about my time at KOMBIT and my Cand.merc. (jur.) background: <https://vimeo.com/210778142>

Currently I advise IT-projects and help create and execute the best possible procurement proces for large public IT-projects. It makes me tick to build further on existing company knowledge and to incorporate a multi-methodical approach in my work to make sure outcomes deal with both the legal, business and practical aspects of challenges.

In this position I'm gaining significant experience in public procurement processes regarding IT, European Data Protection Law, contract management(both internal and external), Danish administrative law in a digital context and some project management and contract negotiation skills.

Specifik Projects: Leading and executing on the interests of KOMBIT in the development of a new module in the CLM system Pactius, which tracks Service Level Agreements performance and provides overview of these compared to contractual rights and leading the overall implementation of the CLM system Pactius in KOMBIT.

Student
August 2013 - January 2015 (1 year 6 months)

In this position I have gained practical experience of procurement processes where I among other tasks have performed qualitative selections, TED-announcements and letters of rejection for restricted procedure procurements. I have also gained a deep knowledge regarding procurement law on selection criteria's for price and on substantial modifications in tenders. In addition I published an internal monthly newsletter regarding procurement- and IT-law.

ABB

Stud.jur.

March 2012 - July 2013 (1 year 5 months)

I assisted ABB's legal department in Denmark with legal work which included contract drafting and negotiations, tenders, compliance and procurement.
