Jurist hos Lægemiddelstyrelsen  
København, Hovedstaden, Danmark

## Erfaring

Lægemiddelstyrelsen (Danish Medicines Agency)

Jurist hos Lægemiddelstyrelsen  
august 2022 - Present (11 måneder)  
København, Hovedstaden, Danmark

My current employment in Centerjura supports the Unit for Medical Devices in the Danish Medicines Agency.

I advise and guide on MDR and IVDR. I ensure the development of medical devices, market surveillance and patient safety in the unit and solve various tasks on a daily basis. The technological development and new combinations of medical devices and medicines causes a large number of cross-cutting challenges and in order to solve these challenges, it is important to understand the practical use of a device as well as the legal framework.

- Advice, guide the implementation of MDR and IVDR and relevant Danish law.
- Communication with other agencies, regions, municipalities, professional societies, industry organizations and other stakeholders as well as participate in meeting between the Danish Medicines Agency and EU.
- Prepare reviews and decisions, including dispensation cases regarding medical devices in Denmark, and safety surveillance of serious incidents with medical devices.
- Advice, guidance and implementation of the regulations on medical devices.
- Support case handlers and inspectors in relation to surveillance activities regarding medical devices and marketing of it comply with the requirements of the legislation, including contributing to helping case handlers supervising Notified Bodies.
- Handle a wide range of operational tasks, such as service of the Ministry of the Interior and Health.
- Participates in the work with commenting on legal acts and EU guidelines regarding medical devices.
- Respond to inquiries about MDR and IVDR.
- Inform healthcare professionals, manufacturers and other companies about the legal requirements for medical devices.

- Teaching and supporting ongoing learning for case handlers and new lawyers.

## Sundhedsstyrelsen

Jurist

juni 2019 - Present (4 år 1 måned)

From June 2019 I was employed as lawyer in the Danish Health Authority. I contributed to solving the unit's core areas, including primarily within the area of psychiatry and focused particularly with the use of coercion in psychiatry.

- Responsible for the legal guidelines in psychiatry, including revise them as well as carrying out a number of complex interpretation tasks at the interface between healthcare and law.
- Co-author of legal sections in various recommendations/reports etc.
- Serve committees and working groups.
- Part of the work to reduce use of coercion in the hospitals of Denmark, including responsible for the work with the development of a new monitoring model for reducing coercion within treatment in psychiatry units.
- Responsible for tasks related to forensic psychiatry.
- Independently solving a number of authority related tasks, e.g. preparing instructions, recommendations, notes, answering orders, parliamentary questions, contributing to surveys, case processing of inquiries, etc.
- Handle diverse and complex health law inquiries.
- Handle access to documents cases.
- Participate and contribute to the Danish Health Authority's Legal Network.

## Lægemiddelstyrelsen (Danish Medicines Agency)

Juridisk studentermedhjælper

februar 2017 - januar 2018 (1 år)

København

## Energistyrelsen

Stud.jur

september 2015 - januar 2017 (1 år 5 måneder)

København, Danmark

Jeg var ansat som juridisk studentermedhjælper i Energistyrelsen under Energi-, Forsynings- og Klimaministeriet. Jeg arbejdede i Center for Forsyning, hvor jeg løste en række juridiske opgaver. Mine arbejdsområder var fortolkning og formidling af en række love og bekendtgørelser, juridisk kildesøgning,

udarbejdelse af udkast til notater og afgørelser, håndtering af aktindsigtssager og bidrag til lovarbejde.

### Rigshospitalet

#### Sygeplejerske

februar 2008 - september 2012 (4 år 8 måneder)

Københavnsområdet, Danmark

Som sygeplejerske på hæmatologisk klinik for knoglemarvstransplantation på Rigshospitalet anvendte jeg en del kliniske og tekniske færdigheder. Mine primære opgaver bestod af, at behandle kræftpatienter ved at give kemoterapi, intravenøs medicin og blodtransfusioner. Endvidere var jeg ansvarlig for oplæring af nye sygeplejersker samt daglig vejleder for sygeplejestuderende.

### London Clinic i Harley Street.

#### Staff Nurse

september 2010 - marts 2011 (7 måneder)

London Clinic søgte en specialuddannet sygeplejerske med kendskab til stamcelletransplantationer. Denne udfordring greb jeg og fik autorisation hos de engelske myndigheder. Udover de kliniske færdigheder der blev skærpet yderligere grundet en del selvstændigt arbejde, anvendte jeg mine spidskompetencer indenfor psykologi, pædagogik og kommunikation.

### AG Sygeplejevikar, Plejecenter Henriksdal

#### Sygeplejevikar som sygeplejestuderende

2006 - 2008 (2 år)

Jeg har haft ansættelser i et plejecenter og i et sygeplejevikarbureau som sygeplejestuderende på forskellige hospitaler i Danmark.

Her varetog jeg følgende opgaver; klinisk pleje, observation og omsorg.

### KAFFE Clothing Store, NEXT Retail, SUMA

#### Salgsassistent

1998 - 2006 (8 år)

Forskellige ansættelser (deltid og fuldtid) inden for detailbranchen.

Som salgsassistent var jeg medansvarlig for den daglige butikdrift og oplæring af nye medarbejdere. Kundekontakt og organisationsindsigt.

---
